The Land of the Roosevelt Hunt—"In Darkest Africa," will be given as a stereopticon sermon lecture by the pastor of the Methodist church tomorrow evening at 8 o'clock. This is the second of a series of illustrated addresses upon social and religious conditions in various nations on different continents which have been planned for the summer months. It will give original views of densest heathenism in its most degraded forms. It takes one into the heart of a continent the size of North and South America combined. It shows beautiful tropical scenes, greatest waterfalls in the world, cannibal tribes, the horrors of the slave trade, degradation of polygamy. It will picture the transforming power of Christianity on the lowest types of man and its hopeful progress in this land, in which many governments are vitally interested.
